

HIGGINS OIL AND FUEL COMPANY

PRODUCERS AND SHIPPERS OF

CRUDE PETROLEUM

Will also Pipe and Load Oil for other Companies to
Various Railroads in and around Beaumont.

Our Terminal Facilities are Unexcelled.

W. A. Ward Oil, Oil Lands, Oil Wells and Stocks
Investments Rice Lands, Rice Canal Sites,
City Property.
Loans Negotiated.
ESTABLISHED 1892.
Room 1, Iowa Building, BEAUMONT, TEXAS

J. V. POLK & CO.

Real Estate Dealers and Land Agents.

Rooms 6 and 7, Fourth Floor, Keith Building.
Timber Lands, Oil Lands, Saw Mills, Guaranteed Gushers, Tank
Grounds, Houses and Lots, Factory Sites, Rice and Cane Land,
Fruit Land. We have large and small Rice Propositions. Write to
us about Rice Culture. There are fortunes in it. We solicit cor-
respondence with parties wishing to buy, sell or speculate in Texas
Land. Some reasons why you should deal with us: 1st—We have
the largest amount of land to sell of any firm in Texas. 2d—We are
native Texans and are familiar with the soils and crops of Texas.
3rd—Our ten years in Beaumont has proven our standing. 4th—
Nothing too small to receive our careful attention and nothing too
large for our capacity. References—First National, Beaumont
National and American National Banks.

Oil Field News

(Continued from Sixth page.)

residence street, is shortly to be as-
phalted by the subscriptions of the
property owners on that thorough-
fare. Everything is being done to
give the city a metropolitan appear-
ance and the present year will wit-
ness the greatest increase in popu-
lation any town in Texas has ever
experienced. We are now installing
a modern fire alarm system and this
with our efficient fire department,
will give property owners a protec-
tion which they have never before
enjoyed. Five and six story build-
ings are becoming the rule rather
than the exception and industrial in-
stitutions are only held in check by
the scarcity of sites.

"The county has just floated an issue
of bonds to the amount of \$150,-
000 and this money will be immedi-
ately expended toward the better-
ment of county roads and improve-
ments of a similar nature. The road
to the oil fields is now shelled for a
distance of two miles and when
sprinkled with oil it is equal to as-
phalt for driving or wheeling.

W. A. Gray, manager of the Chi-
cago Galveston Well Drilling com-
pany, of Chicago, left for that city
Saturday.

During the rain and wind storm
late Saturday afternoon Tom Dud-
ley, who was driving a wagon for W.
P. Sturm, was struck while on his
wagon by a falling derrick that was
blown across the path. The horses
then ran away. Mr. Dudley is out
again today but his back is badly
wrenched and he is unable to do
any work.

At China yesterday two oil tank
cars caught on fire and with their
contents were consumed. None of
the particulars can be had at this
writing as to the cause of the fire
or the amount of damage done.

The Penman Iron and Steel Works
are about as busy a set nowadays as
can be found anywhere; they have
at least ten office men and have not
even started up in the Beaumont
works yet. They all move around
with the rapidity of so many bees
and hardly have a chance to say-
thing about news. They have begun
immediate preparations on the Union
Oil and Refining company contract
and will have the work going by the
end of the week on a part of it. They
never have been able to get the con-
necting link made up on the switch
to their plant on account of the
fact that labor is so scarce. The
Santa Fe, which line is doing the
work, has found labor so scarce in
Southeast Texas that a weekly pay
roll system has been adopted instead
of the monthly and now every Satur-
day night the men get their money
for the week just past.

The Penman plant will probably
be started by August 1. The machin-
ery is even now beginning to arrive
but the big part of the plant will ar-
rive here about July 20 and it will
require ten days to get it to run-
ning.

The Lone Star and Crescent Oil
company expects in the steamer
Maverick Thursday with two bar-
ges and a total capacity of 55,000 bar-
rels. This vessel usually carries but
one barge but this time she has dou-
bled her tow. The shipment will
help the water tonnage out for the
month.

The wells recently brought in
by Contractor W. P. Sturm for the
United States Fuel Oil company on
block 37 of the Hogg Swayne tract
and the Galveston Beaumont Oil
company on the Yellow Pine tract
have been placed in use during the
last few days and are doing nicely.
